STATE OF WISCONSIN DEPARTMENT OF ADMINISTRATION

Tony Evers, Governor Kathy Blumenfeld, Secretary-designee Brian Pahnke, Administrator

October 14, 2022

The Honorable Tony Evers The Honorable Members of the Legislature

This report presents statements of fund condition and operations on a budgetary basis for the State of Wisconsin as of and for the fiscal year ended June 30, 2022. This satisfies the requirements of sec. 16.40(3), Wisconsin Statutes. Displayed within the report are major sources of revenues and major categories of expenditures for the General Fund and other funds, including a comparison to the prior year.

The General Fund has an undesignated balance of \$4.299 billion as of the end of the fiscal year. General purpose revenue taxes were \$20.548 billion compared to \$19.573 billion in the prior year, an increase of \$975 million or 5.0 percent. General purpose revenue expenditures, excluding fund transfers, were \$18.357 billion. This is \$376 million less than the budgeted expenditure allocation of \$18.733 billion.

In fiscal year 2022, the State of Wisconsin continued to devote a major share of state tax collections to the assistance of local school districts, municipalities and counties. Local assistance accounted for 51.4 percent of total general purpose revenue expenditures. Aid payments to individuals and organizations represented 24.2 percent of total general purpose revenue expenditures. The University of Wisconsin accounted for 6.6 percent of total general purpose revenue expenditures for all other state agencies accounted for 17.8 percent of the total.

The State of Wisconsin expects to publish its Annual Comprehensive Financial Report (ACFR) in December of 2022. The ACFR report will be prepared in accordance with Generally Accepted Accounting Principles (GAAP).

Respectfully submitted,

Kathy K. Blumenfeld

Kathy K. Blumenfeld Secretary-designee of Administration

The Year In Summary

Revenue Highlights

General purpose revenue (GPR) taxes for the fiscal year (FY) ending June 30, 2022 totaled \$20,548.4 million, an increase of 5.0 percent from FY 2021 collections of \$19,572.8 million.

Total collections for FY 2022 were \$1,620.7 million, or 8.6 percent, above the estimate of \$18,927.7 million.

Table 1

General Purpose Revenue (GPR) Taxes By Source GPR Tax Collections (\$ Millions)

| Tax Source | FY22 | % of Total | FY21 | % of Total | \$ Change FY22-FY21 | % Change |
|--------------------------------|------------|---------------|------------|---------------|------------------------|-------------|
| Individual Income | \$9,214.4 | 44.8% | \$9,283.4 | 47.4% | \$(69.0) | (0.7%) |
| General Sales & Use | 6,978.3 | 34.0% | 6,373.5 | 32.6% | 604.8 | 9.5% |
| Corporation Franchise & Income | 2,960.0 | 14.4% | 2,560.1 | 13.1% | 399.9 | 15.6% |
| Excise | 654.7 | 3.2% | 677.9 | 3.5% | (23.2) | (3.4%) |
| Public Utility | 383.6 | 1.9% | 356.2 | 1.8% | 27.4 | 7.7% |
| Insurance Companies | 221.8 | 1.1% | 202.1 | 1.0% | 19.7 | 9.7% |
| Miscellaneous | 135.6 | 0.6% | 119.6 | 0.6% | 16.0 | 13.4% |
| TOTAL GPR | \$20,548.4 | 100.0% | \$19,572.8 | 100.0% | \$975.6 | 5.0% |

Individual Income Tax

Individual income tax collections decreased \$69.0 million (0.7 percent) from \$9,283.4 million in FY 2021 to \$9,214.4 million in FY 2022. This was \$1,004.5 million (12.2 percent) above the \$8,209.9 million estimate. The individual income tax share of total GPR taxes decreased from 47.4 percent in FY 2021 to 44.8 percent in FY 2022.

The largest component of individual income tax collections is withholding from wages and salaries, which increased 2.7 percent from \$8,990.5 million to \$9,234.7 million. Estimated payments increased 23.1 percent from \$1,368.7 million to \$1,684.8 million, while refunds increased 27.6 percent from \$2,316.1 million to \$2,955.5 million. Final payments, or payments with returns, increased 4.3 percent to \$850.0 million.

General Sales and Use Tax

Collections from the 5 percent general sales and use tax increased \$604.8 million (9.5 percent) from \$6,373.5 million in FY 2021 to \$6,978.3 million in FY 2022. This was \$53.3 million (0.8 percent) above the \$6,925.0 million estimate. Sales tax collections as a percentage of total GPR taxes increased from 32.6 percent in FY 2021 to 34.0 percent in FY 2022.

Corporation Franchise and Income Tax

Corporate collections increased 15.6 percent from \$2,560.1 million in FY 2021 to \$2,960.0 million in FY 2022. Corporate collections as a percentage of total GPR taxes increased to 14.4 percent in FY 2022 from 13.1 percent in FY 2021. Corporate collections were \$545.5 million (22.6 percent) above the estimate of \$2,414.5 million.

The major source of corporate collections, estimated payments, increased by 20.4 percent from \$2,066.3 million in FY 2021 to \$2,488.1 million in FY 2022.

Excise Taxes

<u>Cigarette</u> tax collections decreased 5.4 percent from \$509.8 million in FY 2021 to \$482.4 million in FY 2022. Collections in FY 2022 were below the estimate by \$15.6 million (3.1 percent).

<u>Tobacco products</u> tax collections increased 1.8 percent from \$92.7 million in FY 2021 to \$94.4 million in FY 2022. Collections in FY 2022 were below the estimate by \$0.6 million (0.6 percent).

<u>Vapor products</u> tax collections increased from \$1.6 million in FY 2021 to \$4.1 million in FY 2022. Collections in FY 2022 were above the estimate by \$0.5 million (13.9 percent).

Liquor and wine tax collections increased 0.5 percent from \$64.6 million in FY 2021 to \$64.9 million in FY 2022. Collections in FY 2022 were above the estimate by \$3.9 million (6.4 percent).

Beer tax collections decreased 3.3 percent from \$9.2 million in FY 2021 to \$8.9 million in FY 2022. Collections in FY 2022 were above the estimate by \$0.2 million (2.3 percent).

Other Taxes

<u>Public utility</u> tax collections increased \$27.4 million from \$356.2 million in FY 2021 to \$383.6 million in FY 2022. Collections were \$14.6 million (4.0 percent) above the FY 2022 estimate.

<u>Insurance company</u> taxes (generally based on premiums) increased 9.7 percent from \$202.1 million in FY 2021 to \$221.8 million in FY 2022. Collections were \$10.8 million (5.1 percent) above the FY 2022 estimate.

<u>Miscellaneous</u> taxes increased 13.4 percent from \$119.6 million in FY 2021 to \$135.6 million in FY 2022. This is \$3.6 million (2.7 percent) above the estimate for the fiscal year. The largest component of miscellaneous taxes, the real estate transfer fee, increased 14.4 percent, from \$106.1 million in FY 2021 to \$121.4 million in FY 2022.

Expenditure Highlights

For the 13th consecutive year, state K-12 school aids and Medical Assistance were the top two GPR state expenditures in FY 2022, representing over half of all GPR spending last year. Of the ten largest programs noted in Table 3, eight had nominal GPR funding increases while two showed declines compared to FY 2021.

The state began FY 2022 with a general fund GPR balance of \$2,581.1 million. By the close of FY 2022, this balance had increased to \$4,298.9 million. In addition to this general fund balance, the budget stabilization fund maintained a balance of \$1,733.8 million, its largest balance in state history. Under current law, while FY 2022 general fund tax revenues exceeded 2021 Wisconsin Act 58 estimates, no additional automatic transfers of excess revenues will be made until the balance is less than 5 percent of estimated GPR expenditures in the fiscal year.

Total GPR spending increased by 0.4 percent or \$80.5 million in FY 2022, as shown in Table 2. This compares to a \$948.8 million increase in FY 2021. The largest portion of GPR expenditures in FY 2022 was directed to school districts and other local units of government, consistent with past years. Local assistance payments increased by 2.9 percent, and these expenditures were \$9,438.5 million or 51.4 percent of total GPR spending in FY 2022 compared to \$9,175.0 million or 50.2 percent of total spending in FY 2021. Aid payments to individuals and organizations decreased by 6.6 percent, and these expenditures were \$4,453.0 million, which was 24.2 percent of total GPR spending in FY 2022, compared to \$4,766.0 million or 26.1 percent in FY 2021. State operations spending increased by 3.0 percent in FY 2022, with expenditures of \$4,465.2 million that accounted for 24.4 percent of total GPR spending, compared to \$4,335.2 million or 23.7 percent in FY 2021.

The GPR budget is shaped by its ten largest programs, as detailed in Table 3. These programs comprised 85.0 percent of total GPR expenditures in FY 2022, which was an increase from the 84.8 percent in FY 2021. Immediately following this section is a brief explanation of each program.

| TOTAL | <u>\$18,785.2</u> | | <u>\$19,287.7</u> | | | |

School Aids: State GPR assistance to Wisconsin's 421 school districts increased by 4.6 percent or \$298.3 million in FY 2022. The state provided increased funding for general aid, special education aid and school mental health aids, among others.

Overall, through a combination of state aids and property tax credits, the state reimbursed an estimated 66.2 percent of school costs in FY 2022, an increase of 1.0 percentage point from 65.2 percent in FY 2021.

Since the 1993-94 school year, school districts have been subject to statewide revenue limits. These limits control the allowable increase in each school district's revenues by limiting the total revenue a district can collect from the combined sources of property tax levies for nondebt purposes and state general aids. These controls, combined with continued robust funding levels for state school aids and property tax credits, have succeeded in holding the statewide net school property tax levy to an average annual growth of less than 1.5 percent since FY 2011.

There are two major types of direct school aid. Approximately 79 percent of direct school aids are general aids, distributed by a formula designed to equalize each school district's property tax base per student, and to support special transfer aid programs for pupils transferring between districts and schools with certain concentrations of minority and nonminority populations. The remaining 21 percent of direct aids are categorical aids, generally distributed based on local expenditures for specific activities or educational programs. Major categorical aid programs include per pupil aid, programs for addressing special education needs and maintaining small class sizes.

In addition to direct aid, in FY 2022, the state also provided an estimated \$213.8 million GPR for eligible children from the city of Milwaukee to attend private schools participating in the Milwaukee Parental Choice Program at no charge. For FY 2022, the Milwaukee Parental Choice Program was funded 90.4 percent with GPR and 9.6 percent by the Milwaukee Public School District through a reduction to its state general equalization aid. The state also provided an estimated \$8.9 million GPR for eligible children in private schools across the state participating in the Racine and Wisconsin Parental Choice Programs, which are primarily funded through reductions in state school aids from affected school districts. <u>Medical Assistance</u>: Wisconsin's state- and federally-funded Medical Assistance (MA) program pays for medical services to certain categories of low-income persons. These categories include people with disabilities, seniors, children, low-income adults and pregnant women, and other low-income individuals who have high medical expenses.

In FY 2022, total MA expenditures, including BadgerCare Plus, were \$12,968.6 million, of which \$2,942.4 million was GPR. On an all funds basis, MA expenditures increased by 5.1 percent from FY 2021. In FY 2022, GPR expenditures decreased by \$324.4 million from FY 2021. The decrease was primarily driven by two matching rate changes. First, the annual base federal matching rate was increased. Second, the federal Families First Coronavirus Response Act provided all states an increase of 6.2 percentage points to the MA federal matching rate.

During FY 2022, average MA enrollment increased by 9.9 percent, the increase was driven by the continuous coverage provision of the federal Families First Coronavirus Response Act. Enrollment trends varied within eligibility groups, however. Average monthly enrollment of lowincome families (children and parents) increased by 9.5 percent, while the average monthly enrollment of elderly and disabled individuals and childless adults increased by 3.6 percent and 19.7 percent, respectively.

The MA totals do not include expenditures for SeniorCare, Wisconsin's pharmacy assistance program for the elderly. In FY 2022, all funds expenditures totaled \$115.9 million. Of the all funds amounts, actual FY 2022 GPR expenditures totaled \$13.7 million, increasing by 9.7 percent from FY 2021. Average monthly enrollment in SeniorCare increased by 6.9 percent in FY 2022.

State Property Tax Relief: The School Levy and First Dollar Tax Credits help to directly reduce property tax bills of residences and businesses. Funding for the School Levy Tax Credit in FY 2022 was \$940.0 million GPR, unchanged from FY 2021. The credit offset 7.9 percent of 2020 gross property tax levies for all purposes statewide. The First Dollar Credit was created in 2007 Wisconsin Act 20 to provide additional property tax relief to owners of improved property. The credit, funded at \$147.5 million in FY 2022, helps provide greater tax relief to lower-value property by offsetting property taxes on the first \$7,500 of property value for eligible parcels.

Beginning with FY 2018, this category has been modified to better reflect state payments that provide property tax relief by offsetting property taxes. State aid for tax exempt property provides payments to local units of government to compensate for computer-related personal property value that the state exempted from the property tax beginning with FY 2000. By providing this aid, the state ensures that local units of government do not shift property tax burdens to other property taxpayers. In FY 2022, aid payments under the program were \$98.0 million GPR, flat with FY 2021.

Beginning with FY 2019, the state has also provided a payment to local units of government to compensate for the exemption of machinery, tools and patterns from personal property taxation for nonmanufacturing property. These payments are equal to what local units of government raised in property taxes on such property based on 2017 assessments. In FY 2022, these payments totaled \$78.2 million.

In FY 2018, the state eliminated the forestry mill tax, which had previously been levied at a rate of \$0.1697 per \$1,000 on all taxable property across the state. To compensate for the revenue loss to the forestry account in the conservation fund, the state provides a GPR payment equal to what the fund would have received under the prior law tax. In FY 2022, this payment was \$111.1 million, an increase of approximately \$7.1 million from FY 2021.

Correctional Services: Total GPR expenditures for the state corrections program increased by \$31.6 million, or 2.4 percent, over the prior year, reaching \$1,371.0 million in FY 2022. The number of incarcerated felons under the supervision of the state adult corrections program decreased 1.9 percent from an average daily population of 20,519 in FY 2021 to 20,137 in FY 2022. This decrease is substantially less than FY 2021's reduction, which saw the incarcerated average daily population decline by 13.2 percent from FY 2020. The decline in population is almost exclusively attributable to the COVID-19 pandemic, which limited intake facilities in the Department of Corrections for a portion of FY 2022.

While the population decreased between FY 2021 and FY 2022, the Department of Corrections still

has a significant number of fixed costs related to the operation of correctional facilities. The increase in spending is mainly attributed to an increase in general program operations costs for salary, inmate healthcare and staffing new correctional units.

In January 2016, distribution of community-based juvenile delinquent-related services and youth aids was transferred from the Department of Corrections to the Department of Children and Families. The classification of this program may change as the Department of Children and Families reviews the program and how to best integrate these services with the other services to children and families that the department administers. For now, the program and its associated costs continue to be identified as Correctional Services.

<u>University of Wisconsin System</u>: Total GPR expenditures for the University of Wisconsin (UW)

System increased by \$42.7 million, or 3.7 percent, in FY 2022. The UW System's general program operations appropriation was changed from annual to biennial in FY 2016, permitting the UW System to move expenditures between fiscal years within a biennium.

In the 2021-22 academic year, resident undergraduate tuition remained frozen at 2012-13 academic year levels. The UW System Board of Regents continued the freeze through the 2022-23 academic year, resulting in an historic 10-year freeze. Compared to the annualized increase of 8.1 percent per year in the ten years prior to the freeze, the average student saves an estimated \$6,311 over a four-year college career as a result of the freeze.

In addition to relatively low basic tuition, access to college for lower income families was protected by maintaining support for the Wisconsin Grant Program, formerly known as the Wisconsin Higher Education Grant (WHEG) and Tuition Grant programs for UW students.

Shared Revenue: State shared revenue provides unrestricted aid to municipal and county governments. In FY 2022, the shared revenue formulas distributed a total of \$884.4 million, consisting of \$829.5 million GPR and \$54.9 million SEG. The GPR portion of this amount consisted of county and municipal aids of \$687.8 million, utility aids of \$82.4 million, and expenditure restraint payments of \$59.3 million. The Expenditure Restraint Program provides aids to municipalities with tax rates over five mills that restrained their spending increases. Statewide, shared revenue payments provided municipalities with about 10.5 percent and counties with about 2.7 percent of their general revenues.

Wisconsin Technical College System: The Wisconsin Technical College System Board and 16 local technical college districts provide vocational, technical and continuing education across the state. In 2021, 23,887 individuals received a degree from a Wisconsin technical college. The technical colleges also provide customized skills training for businesses, occupational training opportunities for high school students and apprenticeship instruction.

Since FY 2015, when funding was increased by \$406 million GPR annually, state aid has been the largest source of revenue for technical college districts.

Community Aids and Children and Family

<u>Aids</u>: Community Aids and Children and Family Aids are state and federal funds distributed to counties to fund human services programs serving primarily low-income persons, children in need of protection, the elderly and the disabled. Beginning in FY 2009, these funds are administered and distributed by both the Department of Health Services and Department of Children and Families, with total GPR expenditures reaching approximately \$253.4 million in FY 2022. Between FY 2021 and FY 2022, the Community Aids funding distributed by the departments increased by approximately \$1.7 million.

Tax Relief to Individuals: Wisconsin paid out \$169.6 million GPR in tax relief to individuals through a variety of refundable tax credit programs during FY 2022, an increase of \$3.7 million from FY 2021.

The Earned Income Credit program reduces income taxes or supplements income for about 201,200 low-income working families with children. In FY 2022, this program paid a total of \$77.5 million in all funds to these households, a decline of approximately \$10.6 million from FY 2021.

The Homestead Credit is a refundable credit that aims to offset, at least partially, the amount that property taxes exceed a certain percentage of a tax filer's income. This type of credit is also known as a "circuit-breaker" tax credit. Claimants receive a credit against their state income tax liability or a refund check. Wisconsin's Homestead Credit pioneered property tax relief through circuit-breakers. The program remains one of the nation's leaders in circuitbreaker relief. In FY 2022, the credit provided \$52.8 million of tax relief, compared with \$59.1 million in FY 2021. Over 106,500 lowincome homeowners and renters – around 33 percent of them elderly – benefitted from the program in FY 2022.

The Veterans and Surviving Spouses Property Tax Credit reduced income taxes for or provided a refund check to approximately 12,840 veterans and surviving spouses by providing a credit for taxes paid on a principal dwelling. Tax credit expenditures were \$46.1 million in FY 2022, an increase of nearly \$4 million over FY 2021.

Wisconsin's Farmland Preservation Credit program provides credits to about 11,000 farmers who qualify through exclusive agricultural or farmland preservation zoning or individual farmland preservation agreements. The credit is based on qualifying acres and certain other criteria. Expenditures under the Farmland Preservation Credit program totaled \$16.4 million in FY 2022, a decrease of \$0.3 million relative to FY 2021.

State Supplemental to SSI: Wisconsin provides a supplement to the federal supplemental security income (SSI) program offering cash assistance to low-income aged, blind and disabled individuals, and to disabled parents as support for their children. In FY 2022, a total of \$154.3 million was expended in SSI payments.

Comparative Condition of the General Fund FY22 Actual vs. Budget (in Thousands)

| | FY22 Actual | Budget | Variance |

| Less: Lapses | (360,429) | (233,347) | 127,082 8 |
| Net Appropriations | 19,463,036 | 19,161,887 | (301,149) |
| UNDESIGNATED UNRESERVED BALANCE | <u>\$ 4,298,919</u> | <u>\$ 2,828,524</u> | <u>\$ 1,470,395</u> |

Notes:

1. UNDESIGNATED, UNRESERVED OPENING BALANCE. The fund condition for fiscal year 2022 is included in the Final Chapter 20 fund condition statement. The opening balance for fiscal year 2022 was based on actual revenues, appropriations and opening balance from the preceding year.

2. PRIOR YEAR DESIGNATION FOR CONTINUING BALANCE. A portion of the previous year's gross ending balance had been designated, or set aside, to cover left over continuing budget authority that could legally be carried forward and spent in the next year. This continuing authority is generated in biennial appropriations in the first year, or even numbered year, of the biennium and in continuing appropriations each year. The fund condition summary does not include an estimate for the amount of continuing authority carried forward, and therefore, the designated amount for continuing balances is always a variance with the budget estimate.

- 3. TAXES. Actual tax collections were higher than the estimated tax collections contained in the Final Chapter 20 revenue estimates provided by the Legislative Fiscal Bureau.
- 4. DEPARTMENTAL REVENUES. Departmental revenues are revenues received by individual state agencies and deposited in the general fund.
- 5. GROSS APPROPRIATIONS. Final gross appropriations varied from estimated gross appropriations as follows:

| Gross Appropriations Per the fund condition summary | \$ 18,924,769 |
|--|----------------------|
| Add: continuing appropriation authority brought forward | 62,777 |
| Add: increases to sum sufficient appropriations above Chapter 20 | 20,406 |
| Add: biennial adjustments | 368,780 |
| FINAL GROSS APPROPRIATIONS | \$ <u>19,376,732</u> |

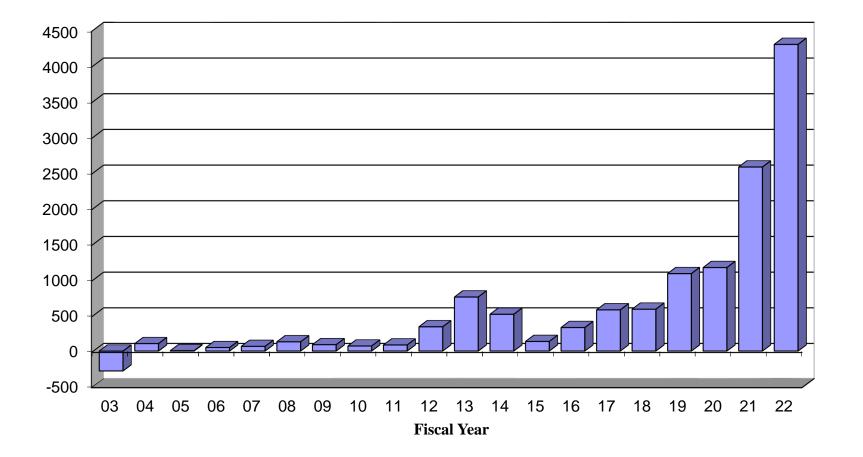

- 6. COMPENSATION RESERVES. Compensation reserves are budgetary set-asides for employee wage and benefit increases for the fiscal year.
- 7. TRANSFERS. Transfers were equal to the amount in the fund condition statement.
- 8. LAPSES. A lapse is the automatic termination of an appropriation. It represents the amount of unexpended, unencumbered balance of the appropriation at the end of the fiscal year. Actual lapses may differ from budgeted lapses due to the manner in which the legislature treats certain required appropriation reductions.

The accompanying notes are an integral part of this statement. (1) The fund condition for fiscal year 2022 is the fund condition approved by Legislative Joint Finance Committee at its May 31, 2022 (13.10 Wisconsin Statutes) meeting.

(2) Expenditures exclude non-budgetary transfers and expenses.

Note A Statutory Basis of Accounting

The State of Wisconsin <u>Annual Fiscal Report</u> (AFR) is a report of financial results recognized on the statutory basis of accounting (also referred to as budgetary basis), for the fiscal year, against the state's budget as reflected in Chapter 20 of the Wisconsin Statutes. The report is not intended to display accounting information in accordance with Generally Accepted Accounting Principles (GAAP).

The State's <u>Annual Comprehensive Financial Report</u> (ACFR), which is prepared in accordance with GAAP, is issued under a separate cover at the end of the calendar year.

Except for specific exceptions, statutes generally require that revenues and expenditures be recognized in the fiscal year in which they are received or disbursed. The legislature may change the recognition of revenues and expenditures among fiscal years.

The state's centralized accounting records remain open until July 31 (August 15 for income, sales and use tax receipts) to permit the state departments to record revenues and expenditures applicable to the fiscal year ended June 30.

The July and August recording of prior fiscal years' revenues and expenditures results in accrued revenues and accounts payable in the statement of assets, liabilities, and fund balances. Included in the amounts presented on the statements are receivables and payables between funds which are presented as "due to" or "due from" other funds.

Encumbrances are treated as expenditures in the initial year. However, the recording of charges against encumbrances applicable to the prior year is limited by the available appropriation balances of that year. Expenditures reported in this report are equal to current year disbursements and encumbrance balances less the prior year encumbrance balances.

Life insurance premiums are paid one month in advance of the actual coverage month. The life insurance costs for the last month of the fiscal year are recorded as expenditures in the following fiscal year.

Health insurance premiums are paid in the actual coverage month.

Revenues and expenditures are recognized on a statutory basis with the exception of investments owned by the state retirement funds because these investments are adjusted to market and the resultant unrealized gains or losses are reflected in the accounts of those funds.

State statutes also provide that contributions to the state retirement funds received after August 1, which relate to earnings paid for services rendered in the previous fiscal year, may be recorded as revenues of the previous fiscal year.

In addition, state administrative policies require that revenues and expenditures be reported on a net basis; i.e., overcollections refunded are deducted from revenues, and overpayments collected are deducted from expenditures. Collections on loan principal and interest are recorded as receipts.

Certain unused appropriation balances are allowed to continue for use in future years, rather than lapse to the General Fund. In these cases the continuing balances are treated as reserves for General Purpose Revenue (GPR) or Program Revenue (PR). GPR consists of general taxes and miscellaneous revenues which are paid into the general fund and are then available for appropriation by the legislature. PR consists of funds also paid into the General Fund which are dedicated for specific purposes and are appropriated by the legislature as estimates through revolving accounts.

Note B Fiscal Controls

The State Constitution provides that no money shall be paid out of the Treasury except as appropriated by law. The Secretary of Administration exercises detail allotment control over all agency appropriations and approval authority over all encumbrances. The Secretary of Administration is also responsible for the audit of expenditures.

The Department of Administration maintains separate accounts for all appropriations showing the amounts appropriated, the amounts allotted, the amounts encumbered, the amounts disbursed, and certain other data necessary to the financial management and control of all state accounts. The department also maintains the general ledgers of the funds of the state including the General Fund.

Note C Classification of Funds

Funds are generally classified in accordance with classification criteria prescribed by governmental accounting standards.

However, certain activities of a proprietary and fiduciary nature are combined within the Governmental and Trust, Agency, and Other Funds. In addition, the activities of the State Building Trust Fund, included within the Capital Projects classification, consist of capital projects as well as projects for the maintenance and repair of state facilities.

Note D Extraordinary Transfers and Transactions Affecting Fund Balance

Compensation Reserve

In fiscal year 2022, Chapter 20 included a compensation reserve for employee salary and fringe benefit increases. The total amount reserved (appropriated) was \$41,929,200 and the amount allotted was \$18,197,400 leaving a lapse amount of \$23,731,800.

Note E Published Budget

The published budget amounts used in Exhibit A-1 are based on the fund condition statement for the appropriation summaries in Chapter 20 of the Wisconsin Statutes, approved in the meeting of the Legislative Joint Finance Committee held on May 31, 2022.

The adjustments column reflects legislation passed subsequent to the budget act, statutorily required appropriation adjustments to sum-sufficient and biennial appropriations, and appropriation changes enacted under the statutory authority of the Legislative Joint Finance Committee or by statutory authority under program supplements.

The State of Wisconsin utilizes a budgetary procedure within the General Fund which treats most federal grant revenues, licenses and fees, and revenues for proprietary activities as dedicated for the activities to which they relate. As such, variable budgeting techniques are used and the official state budget includes them only as estimates. These accounts, referred to as Program Revenue (PR) Appropriations, are not included in Exhibit A-1. Only those appropriations made from nondedicated General Purpose Revenues (GPR) are included.

Note F Total Departmental Revenues

For budget comparison purposes, interfund transfers are added to other revenues to arrive at total departmental revenues. Exhibit A-1 displays departmental revenues of \$427.1 million and net transfers in of \$142.6 million. The fund condition captured these funds more generically as revenue. In order to properly compare actual revenues to budgeted revenues, actual revenues and transfers should be added together in order to compare against the departmental revenues in the fund condition statement, totaling \$569.7 million.

Note G Projected-to-Actual General Fund Condition

The variance between the published budgeted ending balance and actual undesignated balance at the end of fiscal year 2022 is explained as follows:

(thousands)

| | (thousands) |
|--|--------------|
| ENDING FUND BALANCE (UNDESIGNATED) PER FUND CONDITION STATEMENT OPENING BALANCE ADJUSTMENTS | \$ 2,828,524 |
| Prior year designation for continuing | |

| LAPSES MORE THAN BUDGETED | 150,814 |
| INTERFUND TRANSFERS | 142,643 |
| DESIGNATION FOR CONTINUING | |
| BALANCES | (677,779) |
| UNDESIGNATED FUND BALANCE | \$ 4,298,919 |
| | |

Note H General Fund Cash Flow

Due to the timing of receipts and disbursements, the General Fund experiences lower cash balances during the first half of each fiscal year. In some years, the State has issued Operating Notes to mitigate this imbalance. However, an Operating Note was not required for fiscal year 2022.

Note I Negative Transportation Fund Balances

The negative ending fund balance in the Transportation Fund, as displayed in Exhibit A-2, represents commitments (encumbrances) recorded as expenditures in the current year which will be funded by the Federal, state, and/or local governments in the future.

Note J Sum Sufficient Increases

Exhibit B-2 shows both lapsing amounts and adjustments to sum sufficient appropriations. In order to correctly show the lapsing amounts the increase column includes supplements. These supplements need to be removed to calculate the Actual Sum Sufficient Increases.

| | (thousands) |
|--------------------------------------|-------------|
| Exhibit B-2 Sum Sufficient Increases | \$ 20,406 |
| Less: Supplements | 0 |
| (included in total above) | 0 |
| Actual Sum Sufficient Increases | \$ 20,406 |

Note K General Fund Transfer to Budget Stabilization Fund

The General Fund Transfer pursuant to 20.875(1)(a), Wis. Stats., is displayed as an expenditure in Exhibit B-2.

The General Fund Transfer pursuant to 20.875(1)(a), Wis. Stats., is displayed as a transfer on the Comparative Condition of the General Fund, Expenditure Highlights, Exhibit A-1, and Exhibit A-2 in order to be consistent with the presentation of the Legislative Fiscal Bureau's fund condition statement.

However, a General Fund Transfer to the Budget Stabilization Fund was not required in fiscal year 2022 pursuant to 16.518(3)(b), Wis. Stats.

Note L State Fiscal Recovery Fund

Pursuant to the American Rescue Plan Act (ARPA) signed into law on March 11, 2021, the State of Wisconsin received \$1.267 billion from the State Fiscal Recovery Fund (SFRF) in FY2022. This amount is reflected as Intergovernmental Revenue in Exhibit A-2/Exhibit B-1 and Cash in Exhibit A-4.

Note M Minnesota-Wisconsin Student Reciprocity Agreement

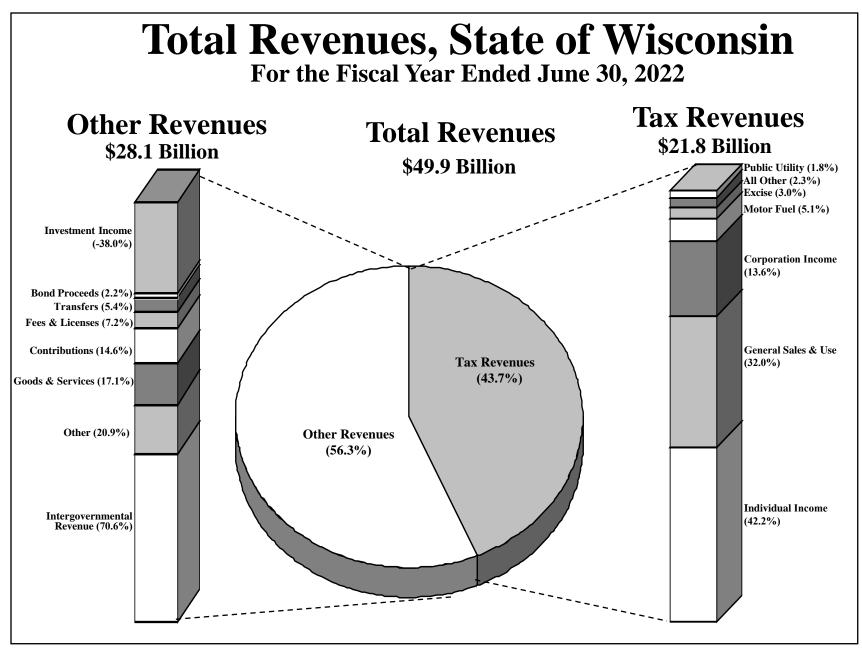

The Minnesota-Wisconsin Student Reciprocity Agreement allows Wisconsin residents to attend Minnesota public universities at in-state tuition rates. In fiscal year 2022, a payment to the State of Minnesota pursuant to this agreement from the appropriation under s.20.235(1)(e), Wis. Stats., did not occur as the Wisconsin Higher Educational Aids Board was not invoiced. Therefore, no expenditure is presented in Exhibit B-2.

Note N Unemployment Reserve Fund Transfer

The Unemployment Reserve Fund Transfer of \$60 million pursuant to 2021 Wisconsin Act 58, Section 9250(1)(a) is displayed as an Interfund Transfer out of the General Fund. A corresponding Interfund Transfer into the Unemployment Reserve Fund is not displayed in the Annual Fiscal Report.

Supplemental Data

[This page intentionally left blank.]
