STATE OF WISCONSIN
DEPARTMENT OF ADMINISTRATION

Tony Evers, Governor
Joel Brennan, Secretary
Brian Pahnke, Administrator

October 15, 2019

The Honorable Tony Evers
The Honorable Members of the Legislature

This report presents statements of fund condition and operations on a budgetary basis for the State of Wisconsin as of and for the fiscal year ended June 30, 2019. This satisfies the requirements of sec. 16.40(3), Wisconsin Statutes. Displayed within the report are major sources of revenues and major categories of expenditures for the General Fund and other funds, including a comparison to the prior year.

The General Fund has an undesignated balance of \$1.087 billion as of the end of the fiscal year. General purpose revenue taxes were \$17.341 billion compared to \$16.144 billion in the prior year, an increase of \$1.197 billion or 7.4 percent. General purpose revenue expenditures, excluding fund transfers, were \$17.152 billion. This is \$126 million more than the budgeted expenditure allocation of \$17.026 billion.

In fiscal year 2019, the State of Wisconsin continued to devote a major share of state tax collections to the assistance of local school districts, municipalities and counties. Local assistance accounted for 51.8 percent of total general purpose revenue expenditures. Aid payments to individuals and organizations represented 25.3 percent of total general purpose revenue expenditures. The University of Wisconsin accounted for 6.5 percent of total general purpose revenue expenditures and state operations expenditures for all other state agencies accounted for 16.4 percent of the total.

The State of Wisconsin expects to publish its Comprehensive Annual Financial Report (CAFR) in December of 2019. The CAFR report will be prepared in accordance with Generally Accepted Accounting Principles (GAAP).

Respectfully submitted,

Joel T. Brennan
Secretary of Administration

Carol Herwig, CPA
Deputy State Controller

The Year In Summary

Revenue Highlights

General purpose revenue (GPR) taxes for the fiscal year (FY) ending June 30, 2019 totaled \$17,341.4 million, an increase of 7.4 percent from FY 2018 collections of \$16,144.2 million.

Total collections for FY 2019 were \$75.5 million, or 0.4 percent, above the estimate of \$17,265.9 million.

Table 1

General Purpose Revenue (GPR) Taxes By Source GPR Tax Collections (\$ Millions)

Tax Source	FY19	% of Total	FY18	% of Total	\$ Change FY19-FY18	% Change
Individual Income	\$8,994.1	51.9%	\$8,479.2	52.5%	\$514.9	6.1%
General Sales & Use	5,695.5	32.9%	5,448.1	33.7%	247.4	4.5%
Corporation Franchise & Income	1,338.1	7.7%	893.9	5.5%	444.2	49.7%
Excise	661.9	3.8%	680.0	4.2%	(18.1)	(2.7%)
Public Utility	364.9	2.1%	365.3	2.3%	(0.4)	(0.1%)
Insurance Companies	194.4	1.1%	186.3	1.2%	8.1	4.3%
Miscellaneous	92.5	0.5%	91.4	0.6%	1.1	1.2%
TOTAL GPR	\$17,341.4	100.0%	\$16,144.2	100.0%	\$1,197.2	7.4%

Individual Income Tax

Individual income tax collections increased \$514.9 million (6.1 percent) from \$8,479.2 million in FY 2018 to \$8,994.1 million in FY 2019. This was \$44.1 million (0.5 percent) above the \$8,950.0 million estimate. The individual income tax share of total GPR taxes decreased from 52.5 percent in FY 2018 to 51.9 percent in FY 2019.

The largest component of individual income tax collections is withholding from wages and salaries, which increased 5.4 percent from \$7,844.5 million to \$8,271.9 million. Estimated payments increased 1.3 percent from \$1,392.8 million to \$1,410.5 million, while refunds increased slightly from \$1,789.6 million to \$1,790.1 million. Final payments, or payments with returns, increased 14.1 percent to \$711.1 million.

General Sales and Use Tax

Collections from the 5 percent general sales and use tax increased \$247.4 million (4.5 percent) from \$5,448.1 million in FY 2018 to \$5,695.5 million in FY 2019. This was \$45.5 million (0.8 percent) above the \$5,650.0 million estimate. Sales tax collections as a percentage of total GPR taxes decreased from 33.7 percent in FY 2018 to 32.9 percent in FY 2019.

Corporation Franchise and Income Tax

Corporate collections increased 49.7 percent from \$893.9 million in FY 2018 to \$1,338.1 million in FY 2019. Corporate collections as a percentage of total GPR taxes increased to 7.7 percent in FY 2019 from 5.5 percent in FY 2018. Corporate collections were \$16.9 million (1.2 percent) below the estimate of \$1,355.0 million.

The major source of corporate collections, estimated payments, increased by 51.1 percent from \$811.1 million in FY 2018 to \$1,225.6 million in FY 2019.

The increase in corporate tax collections was due to federal tax law changes which incentivized the shifting of revenue between tax years and the passage of legislation at the state level permitting income from pass-through entities (partnerships and tax option (S) corporations) to be taxed at the entity level instead of the individual level.

Excise Taxes

Cigarette tax collections decreased 4.6 percent from \$538.9 million in FY 2018 to \$514.3 million in FY 2019. Collections in FY 2019 were below the estimate by \$8.7 million (1.7 percent).

Tobacco products tax collections increased 6.6 percent from \$80.2 million in FY 2018 to \$85.5 million in FY 2019. Collections in FY 2019 were below the estimate by \$0.5 million (0.6 percent).

Liquor and wine tax collections increased 3.1 percent from \$52.0 million in FY 2018 to \$53.6 million in FY 2019. Collections in FY 2019 were below the estimate by \$0.4 million (0.7 percent).

Beer tax collections decreased 4.5 percent from \$8.9 million in FY 2018 to \$8.5 million in FY 2019. Collections in FY 2019 were below the estimate by \$0.4 million (4.5 percent).

Other Taxes

Public utility tax collections decreased \$0.4 million from \$365.3 million in FY 2018 to \$364.9 million in FY 2019. Collections were \$11.9 million (3.4 percent) above the FY 2019 estimate.

Insurance company taxes (generally based on premiums) increased 4.3 percent from \$186.3 million in FY 2018 to \$194.4 million in FY 2019. Collections were \$0.6 million (0.3 percent) below the FY 2019 estimate.

Miscellaneous taxes increased 1.2 percent from \$91.4 million in FY 2018 to \$92.5 million in FY 2019. This is \$1.5 million (1.6 percent) above the estimate for the fiscal year. The largest component of miscellaneous taxes, the real estate transfer fee, increased 1.0 percent, from \$76.6 million in FY 2018 to \$77.4 million in FY 2019.

Expenditure Highlights

For the tenth consecutive year, state K-12 school aids and medical assistance were the top two GPR state expenditures. In FY 2019 this represented over half of all GPR spending. Of the ten largest programs noted in Table 3, eight had nominal GPR funding increases while two showed declines compared to FY 2018.

The state began FY 2019 with a general fund GPR balance of \$588.5 million. By the close of FY 2019, this balance had grown to \$1.1 billion, which is more than three times as large as the balance previously estimated at the time of the 2017-19 Biennial Budget enactment. In addition to this general fund balance, a transfer of \$321.7 million was made to the budget stabilization ("rainy day") fund as a result of actual general fund tax revenues exceeding the tax revenue estimate included in the enacted 2017-19 Biennial Budget. This transfer increased the budget stabilization fund to \$649.1 million, its largest balance in state history.

Further, in May 2019, the Governor made a payment of \$58.7 million to refund previously issued state debt. This will result in an estimated future debt savings for Wisconsin taxpayers of \$68.9 million.

Total GPR spending increased \$720.5 million in FY 2019, as shown in Table 2. This compares to a \$606.9 million increase in FY 2018. The largest portion of GPR expenditures in FY 2019 was directed to school districts and other local units of government, consistent with past years. Local assistance payments increased by 5.3 percent, and these expenditures were \$8,874.3 million or 51.8 percent of total GPR spending in FY 2019 compared to \$8,426.1 million or 51.3 percent of total spending in FY 2018. Aid payments to individuals and organizations increased by 1.6 percent, and these expenditures were \$4,343.7 million, which was 25.3 percent of total GPR spending in FY 2019, compared to \$4,275.5 million or 26.0 percent in FY 2018. State operations spending increased 5.5 percent in FY 2019, with expenditures of \$3,933.8 million that accounted for 22.9 percent of total GPR spending, compared to \$3,729.7 million or 22.7 percent in FY 2018.

The GPR budget is shaped by its ten largest programs, as detailed in Table 3. These programs comprised 85.4 percent of total GPR expenditures in FY 2019, which was a decrease from the 86.0 percent in FY 2018. Immediately following this section is a brief explanation of each program.

Table 2

GPR BUDGET BY PURPOSE *GPR Expenditures* (\$ Millions)

	<u>FY19</u>	% of <u>Total</u>	<u>FY18</u>	% of <u>Total</u>	<u>\$ Change</u> <u>FY19-FY18</u>	% <u>Change</u>

* Includes transfers to the transportation fund and budget stabilization fund in each fiscal year. The FY 2018 transfer to the budget stabilization fund was reclassified from State Operations – All Other Agencies to Transfers. Due to this reclassification the percentages and amounts displayed in the table and narrative above may differ from those published in the FY 2018 Annual Fiscal Report.

School Aids: State GPR assistance to Wisconsin's 421 school districts increased by 4.9 percent or \$283.1 million in FY 2019. School districts were provided with a per pupil aid increase of \$204 for each student in FY 2019, as well as increased funding for general aid, mental health programs and high cost transportation aid, among others.

Overall, through a combination of state aids and property tax credits, the state reimbursed approximately 65.4 percent of school costs in FY 2019, up from 64.9 percent in FY 2018. The percentage of school costs reimbursed by the state in FY 2019 is the largest since FY 2010.

Since the 1993-94 school year, school districts have been subject to statewide revenue limits. These limits control the allowable increase in each school district's revenues by limiting the total revenue a district can collect from the combined sources of property tax levies for nondebt purposes and state general aids. These controls, combined with

continued robust funding levels for state school aids and property tax credits, have succeeded in holding the statewide net school property tax levy to an average annual growth of 0.4 percent since FY 2011.

There are two major types of direct school aid. Approximately 79 percent of direct school aids are general aids, distributed by a formula designed to equalize each school district's property tax base per student, and to support special transfer aid programs for pupils transferring between districts and schools with certain concentrations of minority and nonminority populations. The remaining 21 percent of direct aids are categorical aids, generally distributed based on local expenditures for specific activities or educational programs. Major categorical aid programs include per pupil aid, programs for addressing special education needs and maintaining small class sizes.

In addition to direct aid, in FY 2019, the state also provided \$179.2 million GPR for eligible children from the city of Milwaukee to attend private schools participating in the Milwaukee Parental Choice Program at no charge. For FY 2019, the Milwaukee Parental Choice Program was funded 80.8 percent with GPR and 19.2 percent by the Milwaukee Public School District through a reduction to its state general equalization aid. The state also provided an estimated \$11.9 million GPR for eligible children in private schools across the state participating in the Racine and Wisconsin Parental Choice Programs, which are primarily funded through reductions in state school aids from affected school districts.

Medical Assistance: Wisconsin's state- and federally-funded Medical Assistance (MA) program pays for medical services to certain categories of low-income persons. These categories include people with disabilities, seniors, children, low-income adults and pregnant women, and other low-income individuals who have high medical expenses.

In FY 2019, total MA expenditures, including BadgerCare Plus, were \$10,282.8 million, of which \$3,006.2 million was GPR. On an all funds basis, MA expenditures increased by 7.8 percent from FY 2018.

During FY 2019, average MA enrollment remained relatively flat, decreasing by 0.54 percent. Enrollment trends varied within eligibility groups, however. Average monthly enrollment of low-income families (children and parents) decreased by 1.83 percent, while the average monthly enrollment of elderly and disabled individuals and childless adults increased by 0.64 percent and 0.60 percent, respectively.

The MA totals do not include expenditures for SeniorCare, Wisconsin's pharmacy assistance program for the elderly. In FY 2019, all funds expenditures totaled \$105.4 million. Of the all funds amounts, actual FY 2019 GPR expenditures totaled \$9.8 million, a \$7.4 million decrease from FY 2018. Average monthly enrollment in SeniorCare increased by 1.20 percent in FY 2019.

State Property Tax Relief: The School Levy and First Dollar Tax Credits help to directly reduce property tax bills of residences and businesses. Funding for the School Levy Tax Credit in FY 2019 was \$940.0 million GPR, an increase of \$87.0

million compared to FY 2018. The credit offset 8.5 percent of 2017 gross property tax levies for all purposes statewide. The First Dollar Credit was created in 2007 Wisconsin Act 20 to provide additional property tax relief to owners of improved property. The credit, funded at \$148.9 million in FY 2019, helps provide greater tax relief to lower-value property by offsetting property taxes on the first \$6,800 of property value for eligible parcels.

Beginning with FY 2018, this category has been modified to better reflect state payments that provide property tax relief by offsetting property taxes. State aid for tax exempt property provides payments to local units of government to compensate for computer-related personal property value that the state exempted from the property tax beginning with FY 2000. By providing this aid, the state ensures that local units of government do not shift property tax burdens to other property taxpayers. In FY 2019, aid payments under the program were \$95.7 million GPR, up \$1.4 million from \$94.3 million in FY 2018.

Beginning with FY 2019, the state also provides a payment to local units of government to compensate for the exemption of machinery, tools and patterns from personal property taxation for nonmanufacturing property. These payments are equal to what the local units of government raised in property taxes on such property based on 2017 assessments. In FY 2019, these payments totaled \$75.4 million.

In FY 2018, the state eliminated the forestry mill tax, which had previously been levied at a rate of \$0.1697 per \$1,000 on all taxable property across the state. To compensate for the revenue loss to the forestry account in the conservation fund, the state provides a GPR payment equal to what the fund would have received under the prior law tax. In FY 2019, this payment was \$93.3 million, an increase of approximately \$4.0 million from FY 2018.

Correctional Services: Total GPR expenditures for the state corrections program increased \$11.1 million, or 0.9 percent, over the prior year, reaching \$1,224.2 million in FY 2019. The number of incarcerated felons under the supervision of the state adult corrections program increased 1.0 percent from an average daily population of 23,885 in FY 2018 to 24,116 in FY 2019. The increase in spending is mainly attributed to an increase in general program operations costs for

salary, inmate healthcare and county jail bed costs for housing inmates in excess of prison capacity.

In January 2016, distribution of community-based juvenile delinquent-related services and youth aids was transferred from the Department of Corrections to the Department of Children and Families. The classification of this program may change as the Department of Children and Families reviews the program and how to best integrate these services with the other services to children and families that the department administers. For now, the program and its associated costs continue to be identified as Correctional Services.

University of Wisconsin System: Total GPR expenditures for the UW System increased by \$74.5 million, or 7.1 percent in FY 2019. The UW System's general program operations appropriation was changed from annual to biennial in FY 2016, permitting the UW System to move expenditures between fiscal years within a biennium.

In the 2018-19 academic year, resident undergraduate tuition remained frozen at 2012-13 academic year levels. Tuition will remain frozen through the 2020-21 academic year, resulting in a historic eight-year freeze. Compared to the annualized increase of 8.1 percent per year in the ten years prior to the freeze, the average student saves an estimated \$6,311 over a four-year college career as a result of the freeze.

In addition to relatively low basic tuition, access to college for lower income families was further protected through increased support for the Wisconsin Grant Program, formerly known as the Wisconsin Higher Education Grant (WHEG) and Tuition Grant programs for UW students. An additional \$8.8 million was provided in FY 2019 for grants to students attending UW schools, technical colleges and private nonprofit colleges.

Shared Revenue: State shared revenue provides unrestricted aid to municipal and county governments. In FY 2019, the shared revenue formulas distributed a total of \$878.4 million, consisting of \$824.9 million GPR and \$53.5 million SEG. The GPR portion of this amount consisted of county and municipal aids of \$690.2 million, utility aids of \$75.4 million, and expenditure restraint payments of \$59.3 million. The Expenditure Restraint Program provides aids to municipalities with tax rates over five mills that restrained their spending increases. Statewide, shared revenue

payments provided municipalities with about 11.6 percent and counties with about 3.0 percent of their general revenues.

Wisconsin Technical College System: The Wisconsin Technical College System Board and 16 local technical college districts provide vocational, technical and continuing education across the state. In 2018, 25,342 individuals received a degree from a Wisconsin technical college. The technical colleges also provide customized skills training for businesses, occupational training opportunities for high school students and apprenticeship instruction.

Since FY 2015, when funding was increased by \$406 million GPR annually, state aid has been the largest source of revenue for technical college districts.

Community Aids and Children and Family Aids: Community Aids and Children and Family Aids are state and federal funds distributed to counties to fund human services programs serving primarily low-income persons, children in need of protection, the elderly and the disabled. Beginning in FY 2009, these funds are administered and distributed by both the Department of Health Services and Department of Children and Families, with total GPR expenditures reaching approximately \$231.5 million in FY 2019. Between FY 2018 and FY 2019, the Community Aids funding distributed by the departments increased by approximately \$2.2 million.

Tax Relief to Individuals: Wisconsin paid out \$181.9 million GPR in tax relief to individuals through a variety of refundable tax credit programs during FY 2019. Most of the decline from FY 2018 to FY 2019 for this category occurred because the \$96.3 million expended in FY 2018 for the one-time child sales tax rebate did not continue into FY 2019.

The Earned Income Credit program reduces income taxes or supplements income for about 232,500 low-income working families with children. In FY 2019, this program paid a total of \$94.1 million in all funds to these households, a decrease of about \$3.0 million compared to FY 2018.

The Homestead Credit is a refundable credit that aims to offset, at least partially, the amount that property taxes exceed a certain percentage of a tax filer's income.

This type of credit is also known as a "circuit-breaker" tax credit. Claimants receive a credit against their state income tax liability or a refund check.

Wisconsin's Homestead Credit pioneered property tax relief through circuit-breakers. The program remains one of the nation's leaders in circuit-breaker relief. In FY 2019, the credit provided \$72.7 million of tax relief, compared with \$83.5 million in FY 2018. Over 143,470 low-income homeowners and renters – around 30 percent of them elderly – benefitted from the program in FY 2019.

The Veterans and Surviving Spouses Property Tax Credit reduced income taxes for, or provided a refund check to, approximately 10,730 veterans and surviving spouses by providing a credit for taxes paid on a principal dwelling. Tax credit expenditures were \$34.1 million in FY 2019, an increase of \$1.6 million over FY 2018.

Wisconsin's Farmland Preservation Credit program provides credits to about 11,000 farmers who qualify through exclusive agricultural or farmland preservation zoning or individual farmland preservation agreements. The credit is based on qualifying acres and certain other criteria. Expenditures under the Farmland Preservation Credit program totaled \$17.3 million in FY 2019, an increase of \$0.1 million relative to FY 2018.

State Supplemental Income: Wisconsin provides a supplement to the federal supplemental security income (SSI) program offering cash assistance to low-income aged, blind and disabled individuals, and to disabled parents as support for their children. In FY 2019, a total of \$157.1 million was expended in SSI payments.

UNDESIGNATED UNRESERVED BALANCE	<u>\$ 1,086,869</u>	<u>\$ 1,003,652</u>	<u>\$ 83,217</u>

Notes:

1. UNDESIGNATED, UNRESERVED OPENING BALANCE. The fund condition for fiscal year 2019 is included in the Legislative Fiscal Bureau May 15 revenue estimates. The opening balance for fiscal year 2019 was based on actual revenues, appropriations and opening balance from the preceding year.
2. PRIOR YEAR DESIGNATION FOR CONTINUING BALANCE. A portion of the previous year's gross ending balance had been designated, or set aside, to cover left over continuing budget authority that could legally be carried forward and spent in the next year. This continuing authority is generated in biennial appropriations in the first year, or even numbered year, of the biennium and in continuing appropriations each year. The fund condition summary does not include an estimate for the amount of continuing authority carried forward, and therefore, the designated amount for continuing balances is always a variance with the budget estimate.
3. TAXES. Actual tax collections were higher than the estimated tax collections contained in the May 15 revenue estimates provided by the Legislative Fiscal Bureau.
4. DEPARTMENTAL REVENUES. Departmental revenues are revenues received by individual state agencies and deposited in the general fund. Departmental revenues include tribal gaming revenue. The estimate used in the fund condition summary assumed that the entire amount of DOA-determined lapses and transfers from state agencies would be allocated to departmental revenues. However, some of those reductions actually occurred as lapses from GPR appropriations. In addition, the estimate assumed no tribal gaming revenue; however, some departmental revenue includes tribal gaming.
5. GROSS APPROPRIATIONS. Final gross appropriations varied from estimated gross appropriations as follows:

Gross Appropriations Per the fund condition summary	\$ 17,666,048
Add: continuing appropriation authority brought forward	238,549
Add: increases to sum sufficient appropriations above Chapter 20*	61,393
Add: other adjustments	-1,733
FINAL GROSS APPROPRIATIONS	<u>\$ 17,964,257</u>

*General Fund Transfer pursuant to 20.875(1)(a), Wis. Stats., is not included in increases to sum sufficient appropriations above Chapter 20.

6. COMPENSATION RESERVES. Compensation reserves are budgetary set-asides for employee wage and benefit increases for the fiscal year.
7. TRANSFERS. Transfers were higher than the amount in the fund condition statement.
8. LAPSES. A lapse is the automatic termination of an appropriation. It represents the amount of unexpended, unencumbered balance of the appropriation at the end of the fiscal year. Actual lapses may differ from budgeted lapses due to the manner in which the legislature treats certain required appropriation reductions.

The accompanying notes are an integral part of this statement.

(1) The fund condition for fiscal year 2019 is the fund condition approved by Legislative Joint Finance Committee at its June 14, 2018 (13.10 Wisconsin Statutes) meeting, modified by the May 2019 re-estimates.

(2) Expenditures exclude non-budgetary transfers and expenses.

Notes To Fund Statements

Note A Statutory Basis of Accounting

The State of Wisconsin Annual Fiscal Report (AFR) is a report of financial results recognized on the statutory basis of accounting (also referred to as budgetary basis), for the fiscal year, against the state's budget as reflected in Chapter 20 of the Wisconsin Statutes. The report is not intended to display accounting information in accordance with Generally Accepted Accounting Principles (GAAP).

The State's Comprehensive Annual Financial Report (CAFR), which is prepared in accordance with GAAP, is issued under a separate cover at the end of the calendar year.

Except for specific exceptions, statutes generally require that revenues and expenditures be recognized in the fiscal year in which they are received or disbursed. The legislature may change the recognition of revenues and expenditures among fiscal years.

The state's centralized accounting records remain open until July 31 (August 15 for income, sales and use tax receipts) to permit the state departments to record revenues and expenditures applicable to the fiscal year ended June 30.

The July and August recording of prior fiscal years' revenues and expenditures results in accrued revenues and accounts payable in the statement of assets, liabilities, and fund balances. Included in the amounts presented on the statements are receivables and payables between funds which are presented as "due to" or "due from" other funds.

Encumbrances are treated as expenditures in the initial year. However, the recording of charges against encumbrances applicable to the prior year is limited by the available appropriation balances of that year. Expenditures reported in this report are equal to current year disbursements and encumbrance balances less the prior year encumbrance balances.

Life insurance premiums are paid one month in advance of the actual coverage month. The life insurance costs for the last month of the fiscal year are recorded as expenditures in the following fiscal year.

Health insurance premiums are paid in the actual coverage month.

Revenues and expenditures are recognized on a statutory basis with the exception of investments owned by the state retirement funds because these investments are adjusted to market and the resultant unrealized gains or losses are reflected in the accounts of those funds.

State statutes also provide that contributions to the state retirement funds received after August 1, which relate to earnings paid for services rendered in the previous fiscal year, may be recorded as revenues of the previous fiscal year.

In addition, state administrative policies require that revenues and expenditures be reported on a net basis; i.e., overcollections refunded are deducted from revenues, and overpayments collected are deducted from expenditures. Collections on loan principal and interest are recorded as receipts.

Certain unused appropriation balances are allowed to continue for use in future years, rather than lapse to the General Fund. In these cases the continuing balances are treated as reserves for General Purpose Revenue (GPR) or Program Revenue (PR). GPR consists of general taxes and miscellaneous revenues which are paid into the general fund and are then available for appropriation by the legislature. PR consists of funds also paid into the General Fund which are dedicated for specific purposes and are appropriated by the legislature as estimates through revolving accounts.

Note B Fiscal Controls

The State Constitution provides that no money shall be paid out of the Treasury except as appropriated by law. The Secretary of Administration exercises detail allotment control over all agency appropriations and approval authority over all encumbrances. The Secretary of Administration is also responsible for the audit of expenditures.

The Department of Administration maintains separate accounts for all appropriations showing the amounts appropriated, the amounts allotted, the amounts encumbered, the amounts disbursed, and certain other data necessary to the financial management and control of all state accounts. The department also maintains the general ledgers of the funds of the state including the General Fund.

Note C Classification of Funds

Funds are generally classified in accordance with classification criteria prescribed by governmental accounting standards.

However, certain activities of a proprietary and fiduciary nature are combined within the Governmental and Trust, Agency, and Other Funds. In addition, the activities of the State Building Trust Fund, included within the Capital Projects classification, consist of capital projects as well as projects for the maintenance and repair of state facilities.

Note D Extraordinary Transfers and Transactions Affecting Fund Balance

Compensation Reserve

In fiscal year 2019, the May 15 Legislative Fiscal Bureau revenue estimates included a compensation reserve for employee salary and fringe benefit increases. The total amount reserved (appropriated) was \$52,081,600 and the amount allotted was \$40,524,400 leaving a lapse amount of \$11,557,200.

Note E Published Budget

The published budget amounts used in Exhibit A-1 are based on the fund condition statement for the May 15, 2019 Legislative Fiscal Bureau revenue estimates.

The adjustments column reflects legislation passed subsequent to the budget act, statutorily required appropriation adjustments to sum-sufficient and biennial appropriations, and appropriation changes enacted under the statutory authority of the Legislative Joint Finance Committee or by statutory authority under program supplements.

The State of Wisconsin utilizes a budgetary procedure within the General Fund which treats most federal grant revenues, licenses and fees, and revenues for proprietary activities as dedicated for the activities to which they relate. As such, variable budgeting techniques are used and the official state budget includes them only as estimates. These accounts, referred to as Program Revenue (PR) Appropriations, are not included in Exhibit A-1. Only those appropriations made from nondedicated General Purpose Revenues (GPR) are included.

Note F Total Departmental Revenues

For budget comparison purposes, interfund transfers are added to other revenues to arrive at total departmental revenues. Exhibit A-1 displays departmental revenues of \$331.5 million and net transfers in of \$199.2 million. The fund condition captured these funds more generically as revenue. In order to properly compare actual revenues to budgeted revenues, actual revenues and transfers should be added together in order to compare against the departmental revenues in the fund condition statement, totaling \$530.7 million.

Note G Projected-to-Actual General Fund Condition

The variance between the published budgeted ending balance and actual undesignated balance at the end of fiscal year 2019 is explained as follows:

	(thousands)
ENDING FUND BALANCE	
(UNDESIGNATED) PER FUND	
CONDITION STATEMENT	\$ 1,003,652
OPENING BALANCE ADJUSTMENTS	
Prior year designation for continuing	
balances	238,549
Total opening balance adjustments	<u>238,549</u>
REVENUE ADJUSTMENTS	
Taxes received above estimate	75,487
Departmental revenues less than estimate	<u>(178,394)</u>
Total revenue below estimate	<u>(102,907)</u>
APPROPRIATION ADJUSTMENTS	
Sum Sufficient Changes	
Reestimates*	(61,393)
Other Adjustments	1,733
Budget brought forward from previous	
year	(238,549)
Budget carried to next year for	
continuing appropriations	<u>97,098</u>
Total Appropriation Adjustments	<u>(201,111)</u>
LAPSES MORE THAN BUDGETED	46,634
INTERFUND TRANSFERS	199,150
DESIGNATION FOR CONTINUING	
BALANCES	<u>(97,098)</u>
UNDESIGNATED FUND BALANCE	<u>\$ 1,086,869</u>

*General Fund Transfer pursuant to 20.875(1)(a), Wis. Stats., is not included in Sum Sufficient Changes Reestimates presented in Note G.

Note H General Fund Cash Flow

Due to the timing of receipts and disbursements, the General Fund experiences lower cash balances during the first half of each fiscal year. In some years, the State has issued Operating Notes to mitigate this imbalance. However, an Operating Note was not required for fiscal year 2019.

Note I Negative Transportation Fund Balances

The negative ending fund balance in the Transportation Fund, as displayed in Exhibit A-2, represents commitments (encumbrances) recorded as expenditures in the current year which will be funded by the Federal, state, and/or local governments in the future.

Note J Unappropriated Activities

The Department of Safety and Professional Services enters into contracts with private vendors to provide services for programs that they manage. These contracts have not been budgeted within a state appropriation; therefore, this activity is summarized in the table below to provide full disclosure of state agency operations.

	Safety & Professional Services
Revenues	\$ 795,145.22
Expenditures	795,145.22
Balance	\$ 0.00

Note K Sum Sufficient Increases

Exhibit B-2 shows both lapsing amounts and adjustments to sum sufficient appropriations. In order to correctly show the lapsing amounts the increase column includes supplements. These supplements need to be removed to calculate the Actual Sum Sufficient Increases.

	(thousands)
Exhibit B-2 Sum Sufficient Increases	\$ 383,067
Less: Supplements (included in total above)	-1,733
Actual Sum Sufficient Increases	\$ 381,334

Note L General Fund Transfer to Budget Stabilization Fund

The General Fund Transfer pursuant to 20.875(1)(a), Wis. Stats., is displayed as an expenditure in Exhibit B-2.

The General Fund Transfer pursuant to 20.875(1)(a), Wis. Stats., is displayed as a transfer on the Comparative Condition of the General Fund, Expenditure Highlights, Exhibit A-1, and Exhibit A-2 in order to be consistent with the presentation of the May 15, 2019 Legislative Fiscal Bureau fund condition statement.
